

# User:Saibo

From Wikimedia Commons, the free media repository

Sadly, I am not active anymore on Wikimedia's projects and plan to retire completely. Explanation? Please see User:Saibo/WMF (in short: it is Wikimedia Foundation's and, in the meantime, the “community's” failing).

This is not indicative of breaking any Wikimedia policies.

## License information on derivative works created by me

In case the copyright situation is not clear: Whenever I create derivative works (DW), someone assumes a copyright eligibility of my work, and I did not make any notes on this on the file page: I do not intend to restrict the free status of the original work with my DW. So please assume the original license or a equivalent one. E.g. if I do a DW of a PD-old file please assume my work, if eligible for copyright, to be put into the PD, too (or CC-0 in that case).

## SFCP (Special Forces Cleanup Project)

- New: *Censorship via the backdoor 2*:
  - Commons:Requests\_for\_comment/improving\_search#Safesearch after the previous attempt by other users to fully delete File:Masturbating with a toothbrush.jpg was not successful.
- New: *Censorship via the backdoor*:
- **See also category**: Nudity and sexuality-related deletion requests/deleted
  - Commons:Undeletion\_requests/...#File:Christina\_B\_finger\_masturbation.jpg - deleted with a dubious rationale and UDR was not closed.
  - Commons:Deletion\_requests/Pictures\_of\_that Christina\_B.#Pictures\_of\_that Christina\_B. - same
  - Commons:Undeletion\_requests/...#File:Coital Play.png deleted with no reason for deletion - UDR saved this rare photo

- Commons:Sexual content – was a proposed policy by some people who think we need a another policy to satisfy the US media which was – once more – *rejected*.
- Guideline-anchored phobia categories to hide content (instead to show it) - dead
- Image filter - not implemented, WMF board got bashed

## Jimbo, the vandal

I do not condone the actions of Jimbo Wales regarding the deletion ([//commons.wikimedia.org/w/index.php?title=Special:Log&offset=&limit=77&type=delete&user=Jimbo+Wales&page=&tagfilter=&hide\\_patrol\\_log=1](https://commons.wikimedia.org/w/index.php?title=Special:Log&offset=&limit=77&type=delete&user=Jimbo+Wales&page=&tagfilter=&hide_patrol_log=1)) of material of sexual content, that go as far as deleting illustrations and artwork. Check out: m:Requests for comment/Remove Founder flag and m:Petition to Jimbo. Jimbo's *founder* flag lost the technical rights (which enabled him to do the out of process deletions at Commons) in that course.

„[...] there was so much hardcore pornography on commons that there's still some left in nooks and crannies.“ Jimbo Wales May 8 13:08:31 UTC

„In the interest of encouraging this discussion to be about real philosophical/content issues, rather than be about me and how quickly I acted, I've just now removed virtually all permissions to actually do things from the "Founder" flag.“

„I do not want to be a tyrant or dictator. I do not want us to fight about that kind of thing“ hindsight (or similar) - Jimbo May 9 09:46:50 UTC

I know that you do not want to see that artworks and humans!
